

JOSHUA PUHLICK

The Jones Center at Ichauway
3988 Jones Center Drive, Newton, GA 39870-8522
joshua.puhlick@jonesctr.org

Education

- Ph.D. Forest Resources, University of Maine, Orono, Maine, 2015
- M.S. Forestry, Northern Arizona University, Flagstaff, Arizona, 2011
- Graduate Certificate, Applied Statistics, Northern Arizona University, 2011
- B.S. Horticulture, University of Connecticut, Storrs, Connecticut, 2004
- B.S. Forestry, University of Maine, Orono, Maine, 1998

Professional Experience

- 2021 - present, Assistant Scientist, The Jones Center at Ichauway, Newton, GA
- 2018 - 2021, Research Associate, University of Maine, Orono, ME
- 2015 - 2018, Postdoctoral Research Associate, University of Maine, Orono, ME
- 2011 - 2015, Graduate Research Assistant, University of Maine, Orono, ME
- 2012 - 2013, Database Manager, Penobscot Experimental Forest, Bradley, ME
- 2008 - 2011, Graduate Research Assistant, Northern Arizona University, Flagstaff, AZ
- 2004 - 2008, Consultant Forester, Sole Proprietorship, Putney, VT
- 2004 - 2005, Assistant Manager, Mettowee Mill Nursery, Dorset, VT
- 1999 - 2002, Forester, International Paper Corporation, Ticonderoga, NY
- 1997, Timber Cruiser, Champion International Corporation, Costigan, ME
- 1996, Forest Technician, Ranger Division, USDI Acadia National Park, Bar Harbor, ME
- 1994 - 1998, Laboratory Technician, Applied Ecology, University of Maine, Orono, ME

Teaching Experience

- 2015 & 2017, Instructor, *Silviculture*, 3 credits, University of Maine, Orono, Maine (28 and 38 students in 2015 and 2017, respectively)
- 2015 & 2017, Co-Instructor, *Forest Ecology and Silviculture Field Laboratory*, 2 credits, University of Maine, Orono, Maine (22 and 33 students in 2015 and 2017, respectively)
- 2012 & 2013, Teaching Assistant, *Forest Landscape Management and Planning Laboratory*, 2 credits, University of Maine, Orono, Maine (22 students)

Synergistic Activities

- **Organizer, Host, Co-Instructor, Ecological Forestry Workshop.** 2024. Sponsored by The Jones Center at Ichauway, Newton, GA. Co-taught the concepts and application of ecological forestry to staff from federal and state fish and wildlife, and natural resource agencies across the southern U.S. The week-long professional development opportunity included classroom instruction, group exercises and field tours. Co-Instructor in 2023 & 2022.
- **Representative, Silviculture Instructors Tour.** 2024. Toured high-elevation forests managed to supply Fort Collins, CO with drinking water. Also, toured a high-elevation spruce and fir Adaptive Silviculture for Climate Change site, post-wildfire conditions in Rocky Mountain NP, and forests managed for glade skiing in Steamboat Springs, CO.
- **Organizer, Host, National Advanced Silviculture Program Southern Pine Module.** 2024. Sponsored by The Jones Center at Ichauway, Newton, GA. Online presentation on adapting forests to climate change and carbon management in longleaf pine ecosystems. During field tours at Ichauway, highlighted examples of these strategies to USDA Forest Service employees as part of their training for obtaining certification in silviculture.
- **Organizer, Co-Instructor, University of Florida Silviculture Field Day.** 2022–2024. Sponsored by The Jones Center at Ichauway, Newton, GA. Highlighted even-aged and uneven-aged silvicultural systems at Ichauway to undergraduate students in silviculture.
- **Organizer, Host, Moderator, Longleaf Pine Carbon Workshop.** 2022. Sponsored by The Jones Center at Ichauway, Newton, GA. Researchers from GA, FL, AL, SC, and MO met to discuss strategies for enhancing carbon accumulation in longleaf pine ecosystems. The three-day workshop included on-site presentations and field tours. There were also virtual presentations by officials from the USDA Forest Service and Resource Management Service, LLC.
- **Representative. Chart the Path.** 2022. Sponsored by the Georgia Climate Project. A three-hour virtual whiteboarding session to explore the future of climate collaboration in Georgia. The session included outlining opportunities to build the next phase of the Georgia Climate Project.
- **Organizer, Maine Adaptive Silviculture Network Field Tour.** 2021. Sponsored by the Maine Society of American Foresters and the University of Maine, Center for Research on Sustainable Forests and Cooperative Forestry Research Unit. Nashville Plantation, ME. The day-long field tour included research presentations and discussion groups. Attendees were eligible for Society of American Foresters educational credits.
